Wall Control is a family owned and operated business committed to designing, producing and distributing superior quality American made storage solutions.

Our story begins almost 50 years ago in a small machine shop outside of Atlanta, Georgia. With little more than an entrepreneurial spirit and a strong work ethic, the first of three generations began building an enduring manufacturing business. Quality, craftsmanship, and integrity formed the core values of this proud American company. Over the past 50 years those same core values have elevated that once modest machine shop into an award winning manufacturer of steel products ranging from automobile components to satellite panels.

In 2002, by applying decades worth of metalworking experience to creating a more durable and attractive replacement for standard pegboard, Wall Control was born. Today, Wall Control is the industry leading brand in wall-mounted pegboard storage. Under the same roof you will find multiple generations of family striving together with outstanding Wall Control employees to bring you the absolute best wall mounted storage solutions.

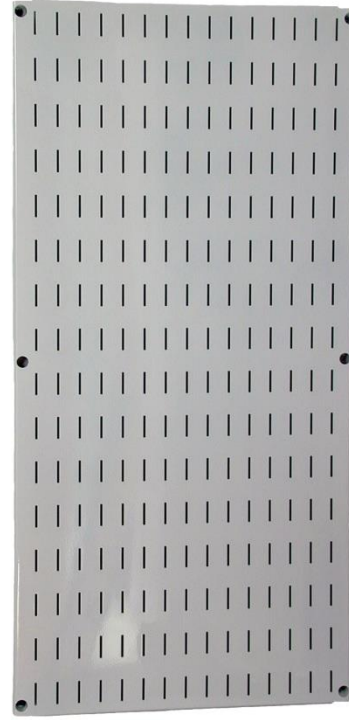

We take great pride in the quality of our products as well as the history and heritage that brought them into existence. Our continuing commitment is to preserve the same values that we were founded upon while providing you, our valued customer, with superior quality products that satisfy the organization you crave.

Kitchen Pegboard Organizer Kit

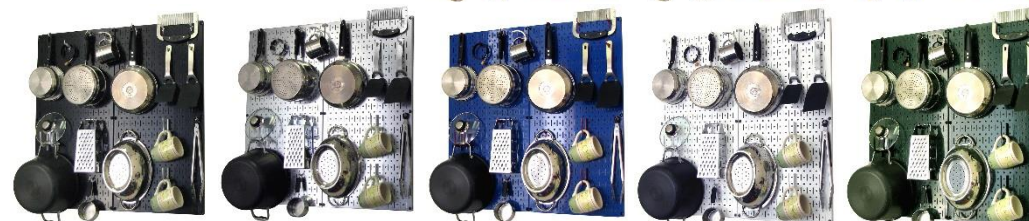

The Kitchen Pegboard Organizer Kit combines a clean, simple storage and organization system with the modern appearance of a high-end kitchen; the result is attractive wall mounted storage with strong durable chic metal panels that will last a lifetime. These panels are over 10 times stronger than conventional kitchen pegboard. Two 16in x 32in metal pegboard panels combine for a total kitchen storage area of 32in x 32in (over 7 square feet) of kitchen pegboard storage space and more kits or panels can always be added to create a larger storage area. The panels offer both slots and holes to accept modern chic slotted tool board accessories, as well as, conventional 1/4in peg board hooks, making this kit extremely versatile. Easily installs into studs or walls and installation takes just minutes. A built-in frame provides ample hook clearance and full access to all holes without requiring additional framework or using up pegboard holes for mounting.

Kit Includes:

- (2) Combo Pegboards 32in x 16in
- (18) Assorted Kitchen Tool Board Hooks
- Mounting Hardware & Instructions

Kitchen Supplies Not Included

30-KTH-200... **MSRP \$79.99**

Master Workbench Kit – 8’ of Coverage

With durable, all-steel construction, Wall Control products will provide a lifetime of heavy-duty storage. The Patented Double Offset hook engagement improves hook stability securing any variety of tool or job aid. Attractive, scratch resistant, baked-on powder coat finish wipes clean for long-lasting beauty for any shop or work area. **Installation is easy** and no framework is required; thanks to pre-formed mounting flanges.

hook pivots for easy storage

The Pivot Hook

The Pivot Hook offers a wide range of applications due to its ability to rotate and lock out of way. Manufactured with a powder-coated, metal wall bracket and stainless-steel, pivoting hook to prevent corrosion. Nylon bushings are incorporated in the wall bracket allowing smooth hook rotation. The Pivot Hook installs easily and mounts directly to the wall or to Wall Control's Steel Pegboard Panels.
